Naknek, AK 99633

Re: Southwest Alaska Transportation Plan

Dear Mr. Knutsen:

Thank you for your letter of March 8 in support for a bridge between Naknek and South Naknek. Thanks to your letter and like support from the South Naknek Village Council, our planning team will continue developing the Southwest Alaska Transportation Plan with this connection considered as strongly supported, which is extremely important as we begin to evaluate potential plan components.

We have added your letter to the Correspondence Reading Room on the Southwest Plan website ([http://www.dot.state.ak.us/external/state\\_wide/planning/pb/swatplan.html](http://www.dot.state.ak.us/external/state_wide/planning/pb/swatplan.html)).

Please feel free to call me 1-888-PLANDOT at any time concerning the Southwest Alaska Transportation Plan.

Sincerely,

Jeff Ottesen, AICP  
Chief, Statewide Planning
